Website: www.accessible dental.org

The health, safety and wellness of the patients we are privileged to serve, as well as our dedicated employees and clinical personnel who are devoted to providing the highest quality of care, continues to be of the utmost importance to Accessible Dental Services (“ADS”).

As you may be aware, ADS ceased clinic operations from March 13, 2020 through August 31, 2020. ADS will resume clinic operations at our Rochester, PA location on Tuesday, September 1, 2020. Upon resumption of clinic operations, ADS will follow a phased approach and will implement a multitude of safety precautions and protocols that align directly with the Center For Disease and Control and Prevention (“CDC”) recommendations including, but not limited to, limiting the number of appointments, staggering appointment times, and restricting clinics to select locations. During this time, scheduled appointments will continue to be cancelled and rescheduled to meet this phased approach and to ensure the health and safety of our valued patients. ADS will continue to work with our patients, providers, and families to meet our patients' dental needs and minimize disruptions to their dental care.

ADS will continue to monitor the Health Department and State and Federal guidelines to ensure the health and safety of our valued patients. Please reach out directly by phone at (724) 775-0448 ext. 633 or by email at knoah@accessible dental.org.

Thank you for choosing Accessible Dental Services and we look forward to providing the high quality, compassionate dental care in the near future.

Best regards,

Karen Noah, RN
Vice President of Operations
Accessible Dental Services
